

KNEBEL DRILLING A/S

Hollow Stem Augers

KNEBEL DRILLING A/S are offering a unique Heavy Duty Hollow Stem Auger drilling system, designed to satisfy the need of drilling in the Environmental and Geotechnical drilling business.

The new designed coupling system is for Heavy Duty operation, very easy to work with, each coupling are sealed with O-ring and mounted with a lock for reverse rotation, no spanner is needed to install or remove a section, the Centre bit assembly is removed and installed with a wire-line and winch.

KNEBEL DRILLING A/S Hollow Stem Augers are available in six sizes.

Minimum I.D. mm - Inches	Auger O.D. mm - Inches	Hole Diameter mm - Inches	Auger Weight kg - lb	Auger Length mm - Inches	Flight Pitch mm - Inches
96 - 3 3/4	204 - 8	210 - 8 1/4	66 - 144	1.500 - 59	100 - 4
134 - 5 1/4	254 - 10	273 - 10 3/4	93 - 203	1.500 - 59	140 - 5 1/2
153 - 6	324 - 12 3/4	330 - 13	116 - 253	1.500 - 59	160 - 6 1/4
197 - 7 3/4	346 - 13 5/8	365 - 14 3/8	127 - 277	1.500 - 59	200 - 7 7/8
248 - 9 3/4	400 - 15 3/4	419 - 16 1/2	144 - 315	1.500 - 59	225 - 8 7/8
298 - 11 3/4	426 - 16 3/4	445 - 17 1/2	160 - 350	1.500 - 59	250 - 9 7/8
